

HOTEL ESTELAR MULTIPLE ROOM RESERVATION

HOTEL ESTELAR Link:

Once you access the Hotel Estelar link, you find the following landing page:

Click on "Complete Reservation". A new page opens so that you can choose the check-in and check-out dates:

Group Bookings

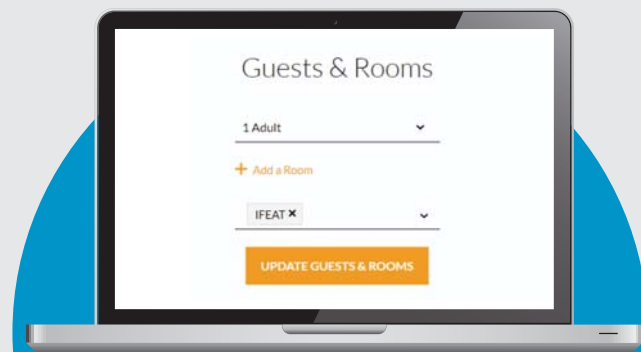

The same deposit/cancellation terms as for individual room bookings apply at all hotels. Please note that all rooms must be held under an individual guest name; multiple rooms held under a company name will not be permitted. Any room held under a guest name that is not a registered conference delegate will be released after 7 days.

Once you select the dates, you will see a list with the rooms available and their rates:

At this stage, if you require additional rooms, BEFORE hitting the "Book" button, you need to click on "Adults&Children" at the top bar menu. A new page will open which will show the following:

Here you can add one person into the room reservation (to make it double). You can also add as many rooms as you may need, by clicking "Add a Room".

You will need to select the check-in and check-out dates for each room, provide the contact information and follow the rest of instructions in order to finalize the reservation.
